

[Sonic Prime](#)<< [Previous episode](#) — **The Yoke's on You (transcript)** — [Next episode](#) >>

This is the transcript of the *Sonic Prime* episode, "The Yoke's on You".

[Scene: Green Hill, day]

[A yellow aura spins across a bridge in the background. Shadow drifts right and left and jumps over a rock. A bird's eye view shows him weaving around the area. He then jumps onto a rock high in the air before spin attacking a rock, breaking it. He stands for a brief moment and looks around, before spinning again, drifting into and stepping onto another clump of rocks, before shattering them. He spin attacks and destroys another rock. He looks around, then spin dashes and breaks another rock. He runs into another heap and dives in slow motion with his fists and feet in the air. He pummels and breaks them, generating a cloud of dust with covers the screen. As the dust clears, a green gem floats in front of him.]

**Shadow:** Chaos Emerald. [He holds it with a smile] There you are. [Holds it up high] Chaos Control!

[He disappears in a ball of light with the Emerald, then reappears, running on a narrow winding platform. He grinds to a halt. He feels a rumble as he notices little birds flying upwards. Shadow looks down at the pebbles moving about on the shaking ground, before looking ahead. A glowing sparking shockwave heads towards him, forcing him into his combat pose. He tries to brace himself, but the shockwave engulfs him in a bright light.]

[Scene Change: Void]

[A clear ball of light appears in a red core, with Sonic peeling around it. Shadow's gloves reach towards it.]

[Scene Change: Green Hill]

[A blizzard of bubbles and sparks scatter around Shadow. The shockwave moves away.]

**Shadow:** [Furiously, to himself] Sonic.

[The opening theme plays]

[Scene Change: Green Hill, evening]

[Shadow speeds through Green Hill again, having cleared a straight line across the landscape, collecting rings at high speed. On the other side, Sonic is also seen dashing through Green Hill, collecting rings in the process. All of a sudden, he sees Shadow right in front of him. Shadow has jumped off of a grass ledge to smack Sonic right in the face at full speed]

**Sonic:** *Aaaaahaagh!* [Grunts as he is socked by Shadow into the air. The camera pans on a slow-motion flying Sonic's face, and time freezes.]

**Sonic:** [voice over] So, I know what you're thinking, "Sonic has a twin brother?!" Well, no. [The camera pans in on Shadow] This guy right here is Shadow, and he's kinda my biggest rival. [A thumbnail appears. It shows Shadow busting open a rock] He's also a real buzz-kill. And by the way, he roller-skates! [A second thumbnail appears, showing Shadow skating with his Air Shoes. He seems to take notice of Sonic's voice over comment on his shoes]

**Shadow:** [On the second thumbnail] They're Air Shoes.

[Time resumes to normal speed. Sonic hits the ground on his back and slides until he stops. He gets up in a sitting position]

**Sonic:** Shadow?!

**Shadow:** What did you do?!

**Sonic:** What did I do? Eggman's the bad guy, remember?

**Shadow:** [Charging at him] You literally shook the world.

[Sonic dodges with an acrobatic jump and collects his dropped rings, taunting while holding one of them.]

**Sonic:** That's 'cause I'm good. And powerful, apparently. Jealous?

[He dashes to avoid Shadow's Chaos Control. Shadow chases him.]

**Sonic:** Maybe my winning disrupted your brooding? Or is it skulking? That's a word, right?

[Sonic tries to spin attack him, but he dodges, and stops, letting Sonic spin away from him.]

**Shadow:** You need to stop, Sonic, and listen for once!

[Sonic comes back and spins past Shadow, causing him to flinch. He does it again, causing him to flinch, growl and chase each other across the landscape. Shadow runs along a path above Sonic. He jumps onto Sonic with a direct hit, who goes flying but manages to stay on his feet. Sonic continues running and trips over a rock.]

**Sonic:** Whoa! Whoa! Whoa!

[He runs on his hands. He looks upside-down and sees Shadow running towards him. Sonic looks ahead and sees a clump of rocks. He spin jumps over them, and runs on his feet once again. Shadow plows through them. Sonic peels and turns as he nears the wall, while Shadow runs up the wall onto a path above Sonic. He tries to spin jump

onto Sonic, but Sonic puts his hand on the ground and turns, dodging the attack. With Sonic now behind Shadow, he spins towards him, but Shadow jumps onto a palm tree and spins around, hitting Sonic and dropping rings. Sonic slams into another tree and drops more rings, but gets up, picking up some coconuts.]

**Sonic:** I could do this all-- day!

[--He throws the coconuts at Shadow, but he quick steps both sides, dodging the coconuts. With Sonic behind the palmtree, Shadow charges and goes for a punch, but Sonic peels around the tree, causing Shadow to punch the tree and bend it diagonally. Shadow chases Sonic up the tree. They both jump off at the top. While Sonic flies, Shadow uses Chaos Control to teleport to him and hit him from behind, dropping more rings and causing him to tumble as he falls.]

**Sonic:** Who-o-o-a!

[The camera cuts to Sonic's view. The landscape and the sky pans repeatedly. Sonic screams before he hits the ground, while Shadow lands safely.]

**Sonic:** [Groans and holds back] Clearly you're angry, which is normal.

[Sonic peels out, while Shadow chases after him.]

**Sonic:** [While running] But I'm supposed to be on a bit of a mission here, Shadow!

**Shadow:** What mission?

**Sonic:** None of your business.

[They spin around a clear area of the landscape. Some Flickies gather around and watch the action. After crossing over one another, Sonic spins around Shadow, creating a Blue Tornado. Shadow retaliates by spinning up a Black Tornado that grows taller. He then chases Sonic spin attack him, hitting Sonic's feet and causes him to fly in the air. Shadow tries a Homing Attack, but Sonic dodges, lands and jumps away. They chase each other again. Shadow punches Sonic with a direct hit, sending the blue hedgehog flying, crash landing and sliding on the ground, hurtling into a rock where Flickies are sitting. They tweet with concern as Sonic hits the rock. He groans and rubs his head in pain.]

**Sonic:** [To the Flickies] I know, we're fighting again. Don't worry, guys, I'll calm him down.

[Shadow charges at Sonic again - scaring the Flickies, but he dodges. Shadow bounces off a rock and chases him.]

**Sonic:** Dude, whatever the beef, we're not gonna settle it this way.

[They turn and try to spin attack each other. Shadow teleports and goes for a high punch, but Sonic slides underneath to dodge it. Shadow tries to Foot Sweep Sonic, but he cartwheels to dodge. With the two facing each other, Shadow teleports again to hit Sonic, but he dodges again. Sonic spins at him, but Shadow handstands to dodge. Shadow spin dashes at Sonic and goes for the punch, but Sonic evades him. Sonic break-dances to attack, but Shadow dodges again. They spin dash into each other, on then ground, and then in the air. A bright white light flashes. Sonic and Shadow are then seen fainted on the ground. They both get to their feet, panting. An explosion appears where his friends are waiting, causing Sonic to gasp]

**Sonic:** Oh, no! My friends! Look, Shadow, I'm late--

[--Turns his head to see Shadow's fist in his face, which causes Sonic to go dizzy and forget everything after that punch.]

**Shadow:** Learn to focus.

**Sonic:** [Three Flickies tweet and fly above Sonic and begin flying in a circle around his head for comedic affect] I can't remember a thing after that punch.

[Scene Change: New Yoke City]

**Robot patrol:** Attention, denizens. Be a good egg. Obey the Council. Everyone must move in an orderly fashion. Keep a single-file line when moving to your next destination.

[The light shows Sonic in various comedic poses.]

**Robot patrol:** Any information you have about the blue hedgehog, come forward.

**Sonic:** [Over PA] Smog, concrete, evil robots... It's like everything I...

**Man:** [Interrupts Sonic before he can say 'hate', Over PA] Love.

**Sonic:** [Over PA] ...all in one place!

[Dr. Babble's mech appears in line between the Eggforcers.]

**Woman:** [Over PA] Think egg thoughts. Dream only egg thoughts. Egg is perfect.

[Renegade Knucks and Rebel Rouge run and jump from building to building. They hide under a ridge on the edge of the building as soon as they see Sonic and Tails Nine being held by Dr. Babble's robot.]

**Tails Nine:** [To Sonic] Are you sure we were best friends?

[The two resistance members get up on their feet.]

**Renegade Knucks:** The blue streak has a friend?

**Rebel Rouge:** Didn't look friendly. But whoever he is, he's involved now.

[Her Regulator beeps, a hologram of a member appears.]

**Resistance member:** Hey, boss! You gotta get back to HQ now. There's something you gotta see.

[She turns off her communicator. She and Renegade Knucks move down a building. She jumps into and passes through a curved pipe, followed by him.]

[Scene Change: New Yoke City, Underground]

[Three Resistance members watch a computer screen. The doors open, allowing Rebel Rouge and Renegade Knucks to walk past them. They follow the Resistance member.]

**Resistance member:** Rebel Rouge, Renegade Knucks, right over here.

[The door closes behind them. Rebel Rouge types on the computer screen. A recording of Sonic is played.]

**Sonic on recording:** Snap out of it! We go way back! Don't you wanna go home? Blue skies? Sunny beaches? Palm trees?

**Renegade Knucks:** Did he just say...?

[The screen fades to white.]

[Scene Change: Green Hill, Flashback in Sepia tone]

[Flickies tweet and flap. Rebel Rouge is fast asleep upside-down on a palm tree. The ground rumbles, dropping coconuts off the tree and waking her up.]

**Rebel Rouge:** Huh? Whoa--!

[She falls and lands on the ground. Trees in the background are being plowed and knocked down, creating huge clouds of dust from behind. Rouge gets caught in the tree stampede, by what is revealed to be a group of Eggforcers pushing the trees away. Rouge, hanging on, flies up while dust clouds scatter and cover the ground to her horror. She shakes her head, but hears Renegade Knucks screaming over by the pier, taking on a swarm of Eggforcers.]

**Renegade Knucks:** Get away! [grunts] Stop destroying our forest!

[Rebel Rouge flies and carries Renegade Knucks away to safety. They see the devastation of their land from above as fires and smoke are scattered all over Green Hill at various points. A variety of shots show areas of Green Hill transform into metal buildings, roads and rails.]

**Renegade Knucks:** It's gone. All of it.

**Rebel Rouge:** We'll get it back.

**Renegade Knucks:** How? It's... it's hopeless.

[The screen fades to white, ending the flashback.]

[Scene Change: New Yoke City]

[Rebel Rouge and Renegade Knucks watch on suspiciously.]

**Rebel Rouge:** The blue guy is obviously an enemy of the Council too. He's strong, fast, and he knows we can make a better world. [They look at the palm tree inside the glass cylinder.] That's hope.

**Renegade Knucks:** Let's get 'em out.

[They run away while the camera takes a close-up view of the tree. The screen fades to black.]

[Scene Change: Yoke HQ]

**Doctor Done-It:** Those in favor of stress-testing this blue rabbit, say yes!

**Dr. Deep:** Oh, yes, please!

[Inside, we see Sonic being tested inside a chamber, dodging weapon-fire.]

**Mr. Doctor Eggman:** Let's see how powerful he is.

[Meanwhile, Rebel Rouge and Renegade Knucks move cautiously across the landscape. A Security Drone's sensor spots Denizen 1998. They hide beside a building, then seize their chance. Cut to Sonic, jumping over some robots on a wobbly platform. He jumps through some crushing spikes traps at the right time. At the same time, Dr. Don't is playing a video game. The second screen shows his game screen, where he is in control of an eggmobile with a drill attached; meanwhile, the sensor detects Denizen 1998 again. His raises his shoulders in panic. A pink silhouette of Sonic appears on Rusty Rose's monitor. She types on the keyboard, while Sonic in the chamber is running on a spinning propeller, while Mr. Dr. Eggman observes.]

[Scene Change: New Yoke City]

[Security Drones continue roaming around New Yoke City.]

**Robot patrol:** Interrogation protocol engaged. Denizen 1-9-9-8, you were seen with the blue hedgehog. Explain yourself.

[Rebel Rouge and Renegade Knucks land onto a building, and walk slowly, looking ahead at Yoke HQ.]

**Rebel Rouge:** There's a small chance we can get in through the ventilation system.

**Renegade Knucks:** How small?

**Rebel Rouge:** You don't wanna know. First, we have to get through the fortress firewall.

[She uploads a map, with a white ball depicting them on a red road. The Pink rings indicate sensors.]

**Rebel Rouge:** If we set off its sensors, the guards will be on us like Mr. Doctor's bad toupee. [A white double ring flashes at the top of the map.] They probably have the hedgehog up there... in their lab.

**Renegade Knucks:** All right, stealth it is. [Looks at him unconvinced] What? I stealth!

**Rebel Rouge:** Stealth is not your thing. But it's adorable you're willing to try.

**Renegade Knucks:** "Adorable"?! [He grunts]

**Rebel Rouge:** [Pats his glove] If it makes you feel better, before we can stealth properly, [Jumps on the ridge] we need a diversion.

[Scene Change: Yoke HQ]

[The Chaos Council, Tails Nine, Rusty Rose and an Eggforcer are watching Sonic run around a hamster-ball like object. He runs and grunts while the ball generates sparks. As the room shakes, the hedgehog silhouette appears on Rusty Rose's screen, but an indicator flashes red, while Mr. Dr. Eggman smiles. Tails Nine watches Rusty Rose's computer.]

**Tails Nine:** [Realizes] Oh, I knew it! He's got the same energy that powers the city.

[Sonic screams while he peels as fast as he can inside the hamster-ball. Blue and red streaks appear around it. Cut to Sonic inside the ball. The music turns angelic.]

**Shadow:** Sonic, it's broken! It's all broken.

**Sonic:** Shadow? *[Shadow's figure moves around the outside of the ball.]* Uh-oh, I think I'm starting to hallucinate!

*[The ball overloads, flashes and explodes the chamber in a massive shockwave - in a blizzard of multicolored circles, causing the Chaos Council to flinch. The shockwave covers New Yoke City and causes power to go out as soon as it touches buildings. Renegade Knucks and Rebel Rouge are afflicted by the shockwave and tossed in the air backwards. The shockwave continues to cause power outages, including a huge airborne object which switches off and crashes down. Security drones drop to the ground and break in front of the Denizens, including Denizen 1998 who looks at it curiously. Rebel Rouge and Renegade Knucks get up.]*

**Renegade Knucks:** *[Chuckles]* How's that for a diversion?

*[They walk a few paces, looking around the area which is pitch black.]*

**Rebel Rouge:** *[Miserably]* The power just went out.

*[Denizen 1998 looks at the rest of the security drones, confused. He kicks one, causing it to fall flat. The resistance members do the same thing to other Security Drones. Denizen 1998 has a smile on his face.]*

**Rebel Rouge:** This has literally never happened. Is this what luck feels like?

**Renegade Knucks:** Feels more like a trap to me.

**Rebel Rouge:** I don't know. First, the blue hedgehog shows up, and now New Yoke City loses its power.

**Renegade Knucks:** Ah, maybe you're right,-- but it feels like a tra-a-a-ap!

*[--Rebel Rouge swoops up and grabs Renegade Knucks, causing him to scream. She carries him towards Yoke HQ. Metal clangs as they reach the ventilation room. They look around in a cross-roads. She leads the way. Meanwhile, Sonic hallucinates and faints softly to the ground. He groans, with his eyes still closed. The power goes back on again. The Chaos Council and the Eggforcers get up. The power all around New Yoke City goes back on. The Denizens look up at the Security Drones spying on them.]*

**Robot patrol:** Denizens, order! Return to formation!

*[The Denizens jump on the conveyor-belt.]*

**Citizen:** If it happened once, it could happen again! We gotta join the Resistance.

[Scene Change: Yoke HQ]

*[Mr. Dr. Eggman, without his toupee, feels his bald head and screams.]*

**Mr. Dr. Eggman:** My toupee! My toupee!

*[He finds it quickly and chuckles. Dr. Done-It canes slowly towards his chair, but ends up pushing the chair further away with his cane.]*

**Dr. Done-It:** Ah, so help me... I tell ya what, I...

*[A Game Over screen and jingle plays on the video game Dr. Don't was playing.]*

**Dr. Don't:** *[Angrily]* Ugh! I almost had the high score!

*[Rusty Rose types on the keyboard. A beep sounds. Sonic is unconscious on the ground. He flashes back to Eggman holding the Paradox Prism.]*

**Sonic:** Paradox Prism.

*[He flashes back again of himself running towards the prism he shattered...]*

**Tails:** *[flashback]* Sonic, wait!

*[...followed by Shadow watching him.]*

**Sonic:** Shadow?

*[A ring-shaped generator hovers over him. Circular domes of electricity surround his gloves and shoes, attracting to the generator. He is lured into the main room. He grunts, struggling to break free of the generator's grasp, and puffs out.]*

**Sonic:** So, what do I get for passing the test? *[Snickers and sighs, panting in exhaustion.]*

**Dr. Done-It:** Did this blue rat figure out a way to steal our power supply?

*[A beep is heard on Rusty Rose's monitor.]*

**Rusty Rose:** Correction, Your Eminence. He did not draw on the city's power, but...

**Tails Nine:** He brought his own.

**Dr. Deep:** What?! What do you mean, he brought his own? How does a hedgehog walk in here with the same power supply as our battery?

*[Dr. Done-It mutters to himself, while Sonic chuckles.]*

**Mr. Dr. Eggman:** Incredible. Our crystal plus his energy charge would give us enough power to finally stamp out the resistance and put an end to those pesky rebels forever!

*[Dr. Babble babbles laser-zapping noises and giggles.]*

**Mr. Dr. Eggman:** Uh, really? Don't you think that's a little excessive?

*[Dr. Babble babbles in anger, slamming his fist.]*

**Mr. Dr. Eggman:** You heard the baby. Energy Extractor!

*[Steam flows through the chute in the ceiling. Dr. Babble smiles in excitement. The Extractor moves down from the chute and closes in on Sonic's face, with two pointers sticking out.]*

**Sonic:** Anyone else having bad dentist flashbacks?

**Dr. Done-It:** Cut out the prismatic energy he's got inside that prickly hide of his!

**Sonic:** Wait! Can a hedgehog say his last words?

*[The extractor drops away from him. The Chaos Council have a think for a moment.]*

**Mr. Dr. Eggman:** Fine. But be brief!

**Sonic:** Well... uh...

*[He inhales sharply, intentionally wasting time.]*

**Mr. Dr. Eggman:** Hey, hedgehog! Get on with it!

**Sonic:** Right. I just wanna say that this life of mine has been a wild ride. *[Tails Nine winks at Sonic. Sonic winks back at him.]* Who would've imagined the places I'd go or the chili dogs I'd eat when I got there.

*[Dr. Done-It starts snoring, but Mr Dr. Eggman slaps him and wakes him up.]*

**Dr. Done-It:** Uh, I'm here. I'm... I'm listening.

**Sonic:** But at the end of the day, it's not about the ups or the downs or the zigs or the zags. It's about the friends we made along the way.

*[Tails Nine winks, confused. Sonic flashes back again.]*

**Tails:** *[Flashback]* Sonic, wait!

**Sonic:** Huh? Uh...

*[He looks at Tails Nine, winking yet again.]*

**Mr. Dr. Eggman:** Enough with the winking already!

**Sonic:** I'm almost done, I'm almost done. Where was I? Uh... uh... um...

*[Dr. Done-It starts snoring again.]*

**Mr. Dr. Eggman:** *[Angrily]* Oh, boy.

**Sonic:** Ah, friends! Right! All right, let's see, um... Froggy, and Big, Ah, always there when I needed a pick-me-up. Rouge! Oh, Rouge with her... with her heart of gold hidden beneath her wings. And, uh, and Knuckles with his... knuckles! *[Looking at Rusty Rose]* I would also like to thank Amy.

**Dr. Deep:** Thanking? Does he think he's winning an award?

*[An annoyed Dr. Babble screams, then gasps]*

**Mr. Dr. Eggman:** Babbles is right. It's almost dinnertime. FINISH HIM!

*[The extractor closes in on him again.]*

**Sonic:** Oh, already? But I'm not done. Hey, Sir Winks-A-Lot, there is a plan, *[Winks]* right? *[Winks again]* Right?

**Tails Nine:** *[Surrounded by Eggforcers holding tazers close to his face.]* Nope, sorry. Just dust in my eye.

**Sonic:** *[Gulps]* Looks like this is game over.

*[The Extractor glows red and spins rapidly. Mr. Dr. Eggman twiddles his fingers and smiles in excitement. Tails Nine watches nervously. Sonic tries blowing at the extractor, to no effect.]*

**Sonic:** See ya, buddy.

*[As Tails Nine watches on in horror and Sonic squeezes his eyes shut, the extractor is suddenly taken away from him at the last moment. Rebel Rouge arrives at the scene in her combat pose. The Chaos Council gasp in horror. Sonic opens his eye and looks around just to check, and realizes he no longer has the extractor threatening him.]*

**Sonic:** *[Chuckles, happily]* I'm alive! I'm alive!

**Chaos Council:** Get her!

*[The Eggforcers start chasing and shooting Rebel Rouge, around the Extractor chute. Tails Nine hides behind Rusty Rose's computer. Renegade Knucks arrives too, bringing the vent with him.]*

**Renegade Knucks:** So, we done stealthing?

**Rebel Rouge:** One hundred percent.

*[Sonic notices the extractor's laser turned on. The two resistance members approach Sonic, but are blocked by Rusty Rose, who extends her arms and grabs them, slamming them both into the wall. She holds them down.]*

**Sonic:** What's going on? I can't see. Wait, wait...

*[The negative momentum of Rusty Rose's pushing soon brings the extractor closer to Sonic. The red laser starts breaking the generator's hinge.]*

**Sonic:** Wait!

*[The hinge snaps off, the ring of the generator, along with Sonic - who screams, rolls. Renegade Knucks and Rebel Rouge run freely.]*

**Mr. Dr. Eggman:** Filthy rebels. Destroy them!

*[Eggforcers enter and combat the resistance duo. The Chaos Council flinch and are forced to flee thanks to broken robots being flown towards them. Another one almost hits Dr. Don't. Rouge grabs an Eggforcer and slams it into the wall, breaking it.]*

**Rusty Rose:** Eggforcers, secure all targets.

*[More Eggforcers emerge from an elevator to combat the resistance duo. They charge at Renegade Knucks first, but he, with a war-cry grunt, knocks them all out with one punch. As Rusty Rose leaves her post, Tails Nine takes over the computer and types on it with his tails. Meanwhile...]*

**Sonic:** Whoa!

*[...Sonic is still rolling trapped in the generator's ring. A Eggforcer knocks it and sends Sonic into a spin, causing him to scream. While everything pans around him, the ring finally falls to the ground. Sonic groans. Tails Nine hacks the computer, taking the circular domes of electricity off of him.]*

**Tails Nine:** Okay, hedgehog, you're up.

**Sonic:** *[Very dizzy as he stands up, chuckles]* A bit woozy from all the lab testing. *[chuckles]* Rouge? Knuckles?

*[Renegade Knucks punches an Eggforcer, while Rebel Rouge carries Rusty Rose in mid-air.]*

**Rebel Rouge:** How do you know our names?!

*[She kicks Rusty Rose down to the ground, but Rusty Rose extends her arm up and takes her down too. She retracts her arm. Rebel Rouge kicks off and flies around after being chased by some Eggforcers.]*

**Renegade Knucks:** Rebel!

*[He combats Rusty Rose. Rusty Rose dodge two punches and grabs Renegade Knucks, tossing him and causing him to crash into the wall, where Sonic watches on.]*

**Sonic:** *[Groans]* Oh, come on, Amy. Why you gotta hate on 'em like that?

*[Sonic, still dizzy, dodges punches from Eggforcers and leans onto the wall.]*

**Sonic:** *[Sighs]* Man, why is the room still spinning?

[A Eggforcer goes for the ground pound on Sonic, but he dodges by jumping onto the platform, and jumping on the Eggforcer's head. He spins and homing attacks the next three Eggforcers, after the third one, he bounces awkwardly...]

**Sonic:** Whoa!

[...and hits the Extractor, sending the open laser spinning around tearing a long line along the wall and the floor. Rebel Rouge evades the laser, which destroys an Eggforcer instead.]

**Renegade Knucks:** Ugh, feels like their luck ran out.

[The laser continues to tear around the room. It heads towards the Chaos Council. They all duck. The laser cuts off the tops of their chairs.]

**Rebel Rouge:** Or maybe not.

[The Chaos Council scream and dash into the elevator. The elevator takes them into a safe place while Eggforcers communicate. One of them starts attacking Renegade Knucks, but the Echidna takes it down with one punch. The second one goes for the ground pound, but he jumps up behind it and punches it, colliding it into the third one causing both of them to fall down. The fourth one also gets punched while Tails Nine types on the computer. A buzzer sounds as he types an incorrect password, with a symbol of Dr. Don't appearing on his screen.]

**Dr. Don't:** [Recording; laughs]

[Annoying, Tails Nine types the password again incorrectly.]

**Dr. Don't:** [Recording] Access denied.

[Furious, Tails Nine screams and bangs his fists on the keyboard, while the laser closes in on a dizzy Sonic. It just misses in front of him. Rusty Rose lands in a fury and attacks Sonic with a flying fist. He dodges. With him still dizzy, Rusty Rose punches him in the face, while Tails Nine types the password, once again triggering the incorrect buzzer.]

**Dr. Don't:** [Recording] Uh-uh-uh.

[He types again, with an Eggforcer close to him. He uses his other tails to lure it into the extractor's laser and destroying it. Renegade Knucks dodges attacks from another Eggforcer and punches it into oblivion. He goes for Tails Nine, who stops him with one of his tails while still typing the password.]

**Tails Nine:** No. Catch up, Echidna. I'm one of the good guys.

[He looks at one of Tails Nine's metallic tails, becoming suspicious, before returning to battle. Tails Nine types the password incorrectly yet again.]

**Dr. Don't:** [Recording] Ha, ha! Loser!

[He growls in anger. Meanwhile, Sonic, cornered to the wall, dodges a few arm attacks from Rusty Rose, but gets caught this time. She swings and slams Sonic to the ground, and then into the wall. With Sonic completely trapped, Rusty Rose prepares one last fist attack. It along with the crosshairs aim at a yelping Sonic.]

**Rusty Rose:** Blue hedgehog, terminate.

[She retracts her right arm and her whole body flies towards Sonic. The screen slows, then cuts to black with the episode's name and the credits appearing.]
